Associate – Tax – Energy & Infrastructure RSCDC7229

Description

A leading international law firm is seeking a highly qualified associate to join its Energy & Infrastructure group.
If you think you'd be a good fit, please send your resume to jobplacements@reliablestaffing.com

This position offers the opportunity to work on sophisticated financings and M&A transactions within the power and energy transition sector. The ideal candidate will have experience with energy tax credit transactions and a strong interest in renewable energy and infrastructure development.

The associate will work on complex deals involving joint ventures, tax equity structures, and tax credit transfers, while collaborating with multidisciplinary teams on cutting-edge energy projects.
