Environment, Energy & Resources – Associate Attorney – Midlevel RSCPOR7172

Description

Our client, a leading international law firm known for its collaborative culture and commitment to excellence, is seeking highly motivated mid-level associates to join its nationally recognized Environment, Energy & Resources practice group. This is a premier opportunity to work at the intersection of digital infrastructure and the energy transition, helping to design power strategies and navigate complex state and federal regulatory frameworks shaping the future of energy infrastructure.

If you think you'd be a good fit, please send your resume to jobplacements@reliablestaffing.com

This role involves a diverse mix of transactional and regulatory work, including negotiating sophisticated power purchase agreements and energy service agreements, advising on electric market design within major RTOs/ISOs, representing clients in proceedings before federal regulatory bodies, and counseling on evolving energy policy and carbon-free energy strategies.
