## Journeyman Electrician RSCCC7057

### Description

We are seeking a skilled and dedicated Journeyman Electrician to join our team. The ideal candidate will have extensive experience in electrical installations and repairs, particularly in commercial settings. The Journeyman Electrician will work on various construction sites, ensuring that all electrical work is completed efficiently and in compliance with the National Electrical Code (NEC).

Join our team as a Journeyman Electrician where your expertise will contribute significantly to our projects' success while ensuring safety and quality standards are upheld at all times.

Send your resume to [jobplacements@reliablestaffing.com](mailto:jobplacements@reliablestaffing.com)

### Responsibilities:

- Install, maintain, and repair electrical systems in commercial buildings.
- Read and interpret blueprints, schematics, and technical drawings to determine layout and installation procedures.
- Utilize power tools and hand tools effectively to complete electrical tasks.
- Conduct tests using an ohmmeter and other diagnostic equipment to troubleshoot electrical issues.
- Ensure compliance with NEC regulations and safety standards on all job sites.
- Collaborate with other tradespeople on construction sites to ensure project timelines are met.
- Provide guidance and mentorship to apprentices or less experienced electricians as needed.
- Maintain a clean and organized work area while adhering to safety protocols.
