Technology Transactions & Privacy – Associate Attorney – Midlevel RSCDCO7155

Description

Our client, a leading international law firm recognized for its collaborative culture and commitment to excellence, is seeking a skilled associate to join its Technology Transactions & Privacy practice. This opportunity is available across multiple office locations and offers exposure to sophisticated, cutting-edge work involving emerging technologies and complex commercial matters.

If you think you'd be a good fit, please send your resume to jobplacements@reliablestaffing.com

The successful candidate will have at least four years of experience handling technology-focused legal matters, including drafting and negotiating licensing and technology agreements, advising on intellectual property issues, and supporting mergers, acquisitions, and financing transactions. The role also involves working with innovative technologies such as artificial intelligence and blockchain, as well as advising start-ups and emerging companies on product development and commercialization strategies.
